Group Quality Policy 2016

Amec Foster Wheeler serves the oil & gas, clean energy, environment & infrastructure and mining markets through the provision of consultancy, engineering, project management, operations, construction, project delivery and specialised power equipment services to its customers worldwide.

Our vision is:

“To be the most trusted partner for our customers by consistently delivering excellence – bringing together the knowledge, expertise and skills of our people from across our global network”

Our commitment for quality is to satisfy our customers through our core values of:

- ▶ **Delivering on promises**
 - ▶ We listen, understand and respond
 - ▶ We agree on clear expectations
 - ▶ We aspire to consistent excellence
- ▶ **Developing full potential**
 - ▶ We invest in our people
 - ▶ We embrace diversity and inclusion
 - ▶ We connect globally as one team
- ▶ **Doing the right thing**
 - ▶ We put safety first
 - ▶ We act ethically and with integrity
 - ▶ We care about our communities

To meet our commitment we:

- ▶ Have a strong and prominent Project Delivery function, reporting directly to the CEO, whose role is to assure and drive project execution excellence, technical integrity and capital effective solutions
- ▶ Develop and implement, through our business unit structure, quality objectives and management systems based on industry standards and best practices
- ▶ Evaluate the quality and effectiveness of our management systems
- ▶ Monitor and continually review performance to determine areas for improvement

Fundamental to our culture, all our people are responsible for quality.
